SERIAL PUBLICATIONS
INDEXED IN
BIBLIOGRAPHY OF AGRICULTURE
—Preliminary List—

Since 1942 when the Bibliography of Agriculture was started, there has been a continuing need for a list of publications indexed. The Library is now issuing its first regular annual List of Serial Publications Indexed in the Bibliography of Agriculture.

The publications shown are not all indexed cover-to-cover. Selection of articles for indexing is governed by the regulations mentioned in the preface to each issue of the Bibliography of Agriculture.

Titles marked with asterisks are being reviewed to determine the need for continued indexing. To assist us in future planning, I would appreciate your suggestions concerning questionable inclusions and serious omissions of titles.

Foster E. Mohrhardt, Director
National Agricultural Library
